Rockville Strings Traditional Ensemble (RSTE) Details

Rockville String Quartet - (Violin I | Violin II | Viola | Cello)

This traditional ensemble combination is most prominent in classical, as well as modern chamber music. The main reason making this string combination the primary choice for any classical performance is the range of compositions written specifically for this type of group and, most of all, the fullness of the sound produced with the range of instruments.

RS quartets' wide repertoire consists of 800+ pieces, including a number of genres ranging from early Classical to modern Top 40 hits, and is updated on a regular basis.

Rockville Strings Trio - (Violin | Viola | Cello)

Rockville String Duo - (Violin | Cello)

RS offers alternative combinations to the string quartet, which project a similar vibe at a lower intensity. The repertoire for these groups is very similar, but some of the pieces may sound incomplete, making the string quartet the ideal choice for any *'featured'* performance. The Trio and Duo combinations are mostly requested for *'background'* music; however, they are a popular choice for Weddings Ceremonies.

Extra Services by [Exclusively Entertainment](#) (not included in 'standard performance rates')

- Please keep in mind that, in the case of Outdoor performance, musicians cannot perform in inclement weather conditions and with the temperature levels below 60F or above 100F, unless a designated heating or cooling station is provided by the client. The musicians request a shaded area, out of the direct sunlight to avoid damage to their instruments.
- The musicians perform seated; it is the clients' responsibility to provide the exact number of armless chairs to accommodate the number of musicians performing at their event. We highly recommend coordinating with the venue in advance to avoid last-minute inconvenience.
